Press Release

Ready Announces Addition of Partner Tech's Full-Line of POS & Mobility Hardware

Beaverton, OR – November 9, 2009:

Partner Tech USA (Irvine, CA) has appointed Ready Distribution (Beaverton, OR) as a full-line wholesale distributor for North America. The newly formed partnership brings Partner Tech's complete line of mobility solutions, POS terminals, POS peripherals and kitchen video systems to Ready Distribution's nation-wide network of professional point of sale & cash register resellers.

"Partner brings to Ready innovative mobility products as well as a strong line-up of POS terminals & peripherals. Their longstanding position in the industry has earned them respect among resellers for reliable products backed by best-in-class support" states Ready Distribution President, Derrell Ness. "The relationship with Partner compliments both our current product line as well as our commitment to service & support of the channel."

Keith Schroer, VP of Sales & Marketing at Partner Tech USA, is looking forward to the new partnership of Ready Distribution and Partner Tech with great optimism. "Our new and upcoming lines of POS and mobility products are packed with features that increasingly mobile environments are in need of. With many of our resellers already familiar and purchasing from Ready Distribution, it was an easy and obvious choice to create this partnership."

Ready Distribution focuses on distribution of best-in-class manufacturers including Metrologic, Posiflex, Touch Dynamic, SAM4S, Talon DVR & SNBC as a value-added wholesale distributor serving the point of sale and auto-id vertical markets with sales, support and shipping locations in Buena Park, California and Beaverton, Oregon.
